

Color:

Each color is a **neutral, off-white** that pairs well with its corresponding flooring. These light wall colors provide a clean, bright, and universal pallet for potential buyers. Sheens are pre-selected for various rooms and applications based on best practice.

Floors:

Corresponding floor colors are matched to your paint choice while various style options help reflect the character of the home. **Manufacturer's warranties are provided** with each flooring installation.

Trim:

Our trims are chosen for **modern to classic aesthetics**. Fresh semi-gloss white brightens your new finish while your choose style remains in line with the existing home design. Existing baseboard can often be retained, requiring only new base shoe moulding.

Accent:

Your choice of **black or brushed nickel** for new interior and exterior lighting fixtures, plumbing fixtures, and door knobs add a final refresh that buyer's notice.

Clean:

A final deep cleaning of the home, including appliances, floors, windows, bathrooms, kitchens, and more leaves your home photo-ready. **Full home clean outs are also available.**

Fully licensed and insured. We provide **clear contracts and proper permitting** where required to ensure a safe and convenient process.

We do even more! Get your inspection punch list taken care of and add other projects. Every home needs its own unique spruce up.
